THE 12TH WORLD HUMAN RIGHTS CITIES FORUM

기후위기와 인권

CLIMATE CRISIS AND HUMAN RIGHTS

WHRCF is held as an annual event in Gwangju, Republic of Korea, to realize the vision of becoming a human rights city since 2011.

This event may be recorded **LIVE** This event may be livestreamed

The Forum has become a gathering place to share the spirit of justice and community, the same values under which the citizens of Gwangju resisted against the ruthless oppression of the then military regime in May 1980. Within the WHRCF participants exchange experiences on challenges and achieved successes on human rights especially at local level while expanding their own scope of understanding. Now, the Forum has become a major human rights event and distinctive platform for sharing and networking amongst human rights cities, human rights organizations, activists, and miscellaneous stakeholders in the area of human rights.
